AB CONSULT ▪ PARLIAMENTARY CAPACITY BUILDING INITIATIVE

APPLICATION OF ARTIFICIAL INTELLIGENCE IN PARLIAMENTARY RESEARCH

Master Parliamentary AI Presentation

Comprehensive 5-Day Applied AI Research & Legislative Scrutiny Curriculum

Lead Facilitator:	Eng. Dr. Kadeghe Fue, PhD	**Document Ref:**	SUA/COEBS/PARL-AI/MASTER-01
Target Cohort:	Parliamentary Researchers & Clerks	**Program Dates:**	9–13 November 2026

Executive Curriculum Overview

Transforming Legislative Research Across the National Assembly

The Strategic Vision

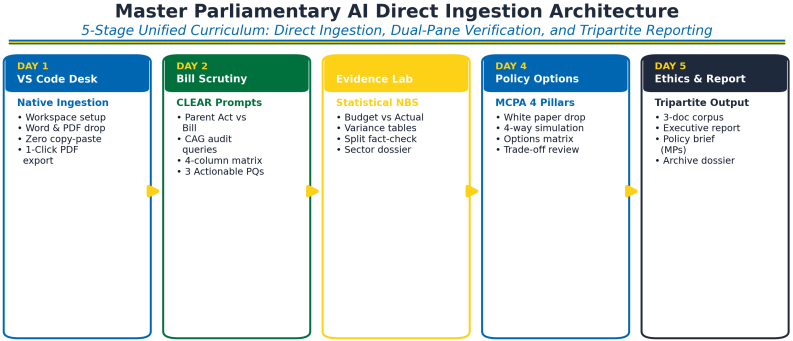

- Position the **National Assembly of Tanzania** as a continental pioneer in AI-assisted legislative research.
- Empower non-programming researchers to process complex multi-hundred-page bills in minutes.
- Ensure strict compliance with national privacy and data sovereignty laws.

Pedagogical Foundations

- **Zero-Manual-Copy Mandate:** Native document drop into structured folders.
- **Dual-Pane Verification:** Zero unverified assertions leave the research desk.
- **Tripartite Output:** Tailored briefs for clerks, MPs, and archival records.

Master Ingestion Architecture

The 5-Stage Direct Ingestion, Verification, and Reporting Pipeline

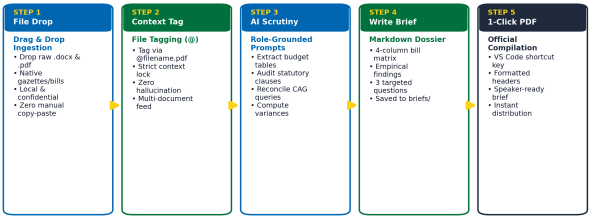

Day 1: VS Code Desk & Ingestion

Establishing the Digital Workbench for Parliamentary Analysts

The AB Consult Automated Ingestion Architecture

Zero-Manual-Copy Pipeline: From Native Desk Files to Executive Parliamentary PDF

Key Outcomes

- Standardized folder tree (`raw_bills/`, `parent_acts/`, `briefs/`).
- Direct file-grounded indexing via `@filename`.
- 1-Click Markdown PDF publishing pipeline.

Day 2: Statutory Scrutiny & Audit Queries

Parent Act vs Bill Scrutiny & CAG Discrepancy Extraction

The CLEAR Legislative Scrutiny Prompting Protocol

5-Stage Role-Grounded Scrutiny Framework for Committee Bill Analysis

[C] Context & Role

Institutional Identity

- Assign official stance: 'Senior Parliamentary Counsel'
- Dictate oversight rules
- Committee alignment

[L] Legislative Scope

File Boundary Lock

- Tag source files strictly: @parent_act_2015.pdf @amendment_bill.docx
- Lock out general web text
- Confine legal inquiry

Evidence Limit

Zero Hallucination

- Rely ONLY on text inside the two tagged files
- State 'Unchanged' if clause is identical in both acts
- Prohibit extrapolation

[A] Action Matrix

Output Architecture

- Build 4-column matrix:
  1. Clause Element
  2. Existing Statute
  3. Proposed Amendment
  4. Committee Risk Review

[R] Restraint & Tone

Neutral Oversight

- Strict parliamentary tone
- Zero partisan rhetoric
- Focus on fiscal liability, LGA administrative load, and statutory compliance

Key Outcomes

- CLEAR Prompting Framework mastery.
- 4-column statutory comparative matrices.
- 3 evidence-grounded Parliamentary Questions (PQs) per bill.

Day 3: Empirical Statistical Evidence Lab

NBS Macro-Data Ingestion & Budget Variance Reconciliations

VS Code Dual-Pane Fact-Checking Configuration

Adversarial Verification Workspace: Side-by-Side Source Audit in Parliamentary Research

SOURCE — LEFT PANE: Source PDF

@statistical_abstract_2025.pdf
[Native Source Evidence Document]

Table 4.12: Rural Water Coverage
- Dodoma Region: 61.4%
- Morogoro Region: 68.2%
- Shinyanga Region: 52.8%

Footnote 3: Excludes non-operational boreholes decommissioned before FY24.

DRAFT — RIGHT PANE: Draft Brief

Day3_Sector_Evidence_Dossier.md
[Parliamentary Brief Draft]

Region	NBS Metric	Ministry Claim
Dodoma	61.4%	84.0%*
Morogoro	68.2%	79.5%

*Critical Discrepancy Note:
Ministry claimed 84% coverage by counting non-functional boreholes.

AI AUDITOR

VS Code Sidebar
[Prompt Command]
'Cross-check Table 4.12 footnote 3 against Ministry claims. Flag variances.'

Result:
'Discrepancy confirmed; 22.6% inflation verified.'

Key Outcomes

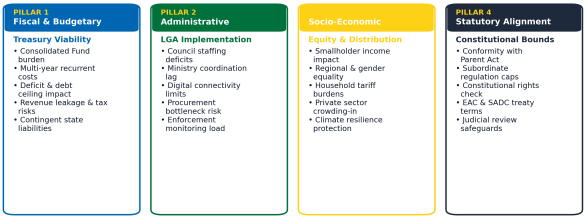

- Dual-pane empirical fact-checking.
- Reconciliation of budget estimates vs CAG audited disbursements.
- Standalone sectoral statistical dossiers.

Day 4: Multi-Criteria Policy Analysis (MCPA)

Simulating Competing Stakeholder Pressures and Trade-Offs

The 4 Pillars of Parliamentary Multi-Criteria Policy Analysis

Comprehensive Analytical Framework for Committee Legislative & Policy Review

Key Outcomes

- 4-Pillar MCPA evaluative framework.
- 4-way stakeholder perspective simulations (Treasury, Business, Citizens, Local Gov).
- Weighted policy options matrices.

Day 5: Ethical Governance & Tripartite Briefings

Producing the Three Core Parliamentary Deliverables

The Tripartite Parliamentary Output Architecture

Transforming a Single Evidentiary Corpus into Three Distinct Institutional Deliverables

REPORT 1 — Executive Report

Target: Speaker & Chairs (1 -- 2 pp)

- Focus: Critical Fiduciary Risk
- Core financial variance numbers
- Direct statutory breaches
- Urgent summons directives
- Maximum executive brevity

REPORT 2 — Policy Brief

Target: Floor MPs & Debaters (2 -- 3 pp)

- Focus: Plenary Floor Debate
- 120-word executive anchor
- Regional performance tables
- Citizen constituency impact
- Three (3) evidence-backed PQs

REPORT 3 — Scientific Report

Target: Clerks & Researchers (6 -- 10 pp)

- Focus: Institutional Archive
- Complete methodology notice
- Primary statute & gazette citations
- Full econometric regression tables
- Audited CAG variance annexes

Key Outcomes

- 20–30 page Comprehensive Committee Report.
- 2-page High-Impact Executive Policy Brief for MPs.
- Archival Verification & Audit Trail Dossier.

Institutional Impact & Certificate of Competency

Empowering the Next Generation of Parliamentary Research Leaders

Institutional Competencies

- Independent operation of sovereign AI workstations.
- Rapid statutory scrutiny of urgent government bills.
- Zero data leakage and strict NDA adherence.

Certification Criteria

- 100% attendance in hands-on afternoon labs.
- Successful submission of verified Tripartite Deliverables.
- Joint certification by SUA (COEBS) & AB Consult.
